Section 3: Supplemental (Non-Vacancy Specific) recruitment Activities
Undertaken by Stations

The station group posted to all local colleges and universities an internship program for each semester. The program was posted May 2014 September 2014 December 2014 and January 2015 to all divisions of higher education programs within the state. The interns work for one

semester in their area of study to get a better understanding of the broadcast business and school credit. The Radio cluster uses as many interns as possible every semester in the operations area to expose the students the wide range of possibilities of careers that are in the broadcast industry. The radio cluster had 14 interns this past reporting period working in the promotions, operations and sales areas of our business.

On September 27, 2014, the On Air Talent from KXRRK did a presentation at Tooele High School. He discussed overall descriptions of careers and explained the schooling/degrees or training required: explained how we use math, English, computers skill, etc. in everything we do.

The station group held a community job fair in conjunction with Utah Broadcaster's Association on Wednesday March, 2015 the job fair was held on the University of Utah campus in the student union building from 9am to 1pm. All stations broadcast liners started at the beginning of the month about the job fair, plus information about the job fair was posted on all station web sites and flyers were sent out to all interested community out reach programs. The Human Resource Director and President manned the booth helped students and community members with their questions about what opportunities there were in the broadcasting industry. The station group set up a separate table for students looking for opportunities to learn more about what was required to get an internship with our group and the paperwork and procedures to follow and gather to join our group.

The station group created a "Sales Academy" which created an opportunity to hire 6 new sales executives without prior broadcast experience between September 1, 2014 and December 31, 2014. During this period, the 6 people in the Sales Academy were assigned a manager and a mentor that provided training and support over a 6 month period. Also during this time the sales executives were required to pass certain tests from the Radio Advertising Bureau.
